IMPORTANT NOTES: ABOUT THESE REFERENCES

Pam is in the middle of checking and re-checking these 1000+ references to put in her next book to be called *The Marshalla Guide: A Topical Anthology of Speech Movement Techniques for Articulation and Motor Speech Disorders*, publication date 2015. Therefore this list is coded according to the stage of editing. There are some minor errors as noted.

1. Abbs, J. H. & Hughes, O. M. (1980). Labial-mandibular motor equivalence in speech: A response to Sussman's evaluation.
2. Ackermann, H., & Hertrich, I., & Scharf, G. (1995). Kinematic analysis of lower lip movements in ataxic dysarthria. *Journal of Speech and Hearing Research, 38*, 1252-1259.
3. Advance for Speech-Language Pathologists and Audiologists (2012) SATPAC unveils online articulation/phonology program (product review). *Advance*, March 19. 14.
4. Akin, J. (1958) *And So We Speak: Voice and Articulation*. Englewood Cliffs: Prentice-Hall.
5. Albert, M., & Sparks, R., & Helm, N. (1973). Melodic intonation therapy for aphasia. *JAMA Neurology (Formerly: Archives of Neurology)* 29, 130–131.
